Boat Detail

Description

SKY AURELIA 60 | Luxury Power Catamaran for Leisure Cruising

The **SKY AURELIA 60** is a modern luxury power catamaran designed for relaxed, efficient, and highly stable cruising. With her wide beam and twin-hull configuration, she delivers exceptional comfort both underway and at anchor, making her ideal for private ownership or boutique charter operations.

Her design prioritizes generous deck spaces, smooth performance, and fuel efficiency, while the shallow draft allows access to lagoons, bays, and shallow cruising grounds that are inaccessible to traditional monohulls. Multiple interior styling options and flexible cabin layouts make the SKY AURELIA 60 a highly adaptable platform for different ownership profiles.

Key Status

✓
